

École Broxton Park School
Parkland School Division
Provincial Achievement Tests
Summary Results Report 2017 - 2018

The charts, beginning on page 2, report École Broxton Park School's student achievement on Provincial Achievement Tests. Individual subjects are provided in historical detail on the pages that follow.

Some considerations:

Grade 6 French Mathematics exceeded the provincial and divisional average in acceptable standard:

- This is a course that was an area of growth last year at École Broxton Park School, there was a 13.6 % increase in the school acceptable standard

There was an increase in all Grade 6 Provincial Achievement acceptable standards:

- All five provincial achievement courses written at the Grade 6 level at Ecole Broxton park School saw increases in the acceptable standards.
- There was significant growth in Grade 6 French Science acceptable standard (+19.8%).

Student participation rates in both Grade 6 and 9 in English Language are significantly less than PSD and Provincial averages:

- The low participation rates in the English Language based courses reflect the exemptions our students with significant and complex needs.

Grade 9 French Mathematics and French Social Studies acceptable standard identified as an area for growth:

- While four of the five Grade 9 French course subjects experienced a level of decline, the significant levels of decline in French Mathematics 9 and French Social Studies 9 indicate that the small cohort number may not have been a factor and supports will be implemented.

École Broxton Park School Provincial Achievement Tests Summary Results Report 2017 - 2018
