

Parkland School Division

École Broxton Park School

Accountability Pillar Summary Results Report

October 22, 2018

Background

The Accountability Pillar surveys are administered annually during the months of January to March to:

- Students in Grades 4, 7 and 10;
- Students in Grades 4 through 9 (small schools);
- Parents of students in Grades 4, 7 and 10; and
- Teachers.

Students and teachers complete the surveys online at school while parents receive a copy of the survey by mail and are asked to return the survey directly to Alberta Education by mail. Responses are collected and tabulated into the summary chart released in May and are updated in October to supplement updated academic achievement results through the Provincial Achievement Tests (grade 6 and 9) and the Diploma Examination results (Divisional and First Nations, Métis and Inuit specific).

The Accountability Pillar Summary includes several reports:

- École Broxton Park School's overall summary
- École Broxton Park School's First Nations, Métis and Inuit (FNMI) Summary (if applicable)
- New results for all survey measures
- Results for derived measures (Drop Out Rate, High School Completion Rate, Post-Secondary Transition Rate, Diploma Examination Participation Rate, Rutherford Eligibility Rate)

Approximate Survey Responses:

- 18 parents responded to the survey which is down from the 20 parents who answered the survey last year. Unfortunately, low survey responses may not accurately represent our parent population;
- In Parkland School Division, approximately 420 parents responded to the survey. The five-year average for parent responses is approximately 392;
- In Broxton Park School, approximately 82 students responded to the survey;
- In Parkland School Division, 2,482 Students (860 in Grades 4-6; 744 in Grades 7-9; 878 in Grades 10-12); and
- In Parkland School Division, 419 teachers responded including 38 teachers from École Broxton Park School.

These are approximate numbers as not every student answers every question.

Highlights and Celebrations

- 85.6% of teachers reporting that in the past 3-5 years the professional development and in-servicing received from the school authority has been focused, systematic and contributed significantly to their ongoing professional growth, which is an increase of 2.3% from 2017.
- 70% of teacher, parent and student agreement that programs for children at risk are easy to access and timely, which is an increase of 2.2% from 2017.
- 55.4% of teacher, parent and student satisfaction with the accessibility, effectiveness and efficiency of programs and services for students in their community, which is an increase of 3.4% from 2017 and was an area of concern from last year.

Areas Requiring Strategic Planning

Parkland School Division's Ultimate Goal is Student Success and Well-Being.

The Board's new Education Plan for 2018-2019 targets five Assurance Elements in the domain of Student Growth and Achievement:

1. Students demonstrate student learning outcomes and competencies as outlined in the Alberta Programs of Study.
2. Students demonstrate proficiency in literacy and numeracy.
3. Students demonstrate understanding and appreciation for the diversity of all learners.
4. Students are meaningfully engaged learners who demonstrate confident resilience and are inspired to explore without fear of failure.
5. Students and teachers use assessment feedback to identify strengths and areas of need, set goals for new learning, and continuously reflect on their progress.

Our school's plan for education aligns to the Board's Education Plan.

- 55.8% of teachers, parents and students indicating that their school and schools in their jurisdiction have improved or stayed the same the last three years, therefore we committed to working with teachers, parents and students in creating and celebrating our strategies in our education plan which will be achieved through our collaboration groups, increasing our strategies to engage parents, students and all stakeholders in an ongoing discussions, such as parent engagement nights, student leadership programs and teacher advisory groups.
- 68.8% of teachers, parents and students who are satisfied that students model the characteristics of active citizenship. Therefore, we have committed to the creation of a citizenship program, Fusion Spirit, which supports and celebrates the growth of citizenship in all programs on a monthly basis.
- 34.9% of teacher and parent satisfaction that students demonstrate the knowledge, skills and attitudes necessary for lifelong learning, therefore we will be increasing time with our parent engagement and teacher advisory groups to focus on how this measure is relevant and meaningful for them, and to build a plan of growth that can be shared by all stakeholders, this may include engaging our High School supports to share information and making our learning more visible on Health Days that focus on this specific topic.

Academically Derived measures are also provided on our school webpage. These measures for the 2017-2018 school year include:

- Provincial Achievement Tests (Acceptable and Excellence)
- Participation Rate

Measure by Measure – Survey Results for École Broxton Park School

A.1b Program of Studies Measure History: Percentage of teachers, parents and students satisfied with the opportunity for students to receive a broad program of studies including fine arts, career, technology, and health and physical education.

Location	2014		2015		2016		2017		2018	
	N	%	N	%	N	%	N	%	N	%
